
GEORGE BUSH

March 5, 1994

Dear Dan:

I am pleased to add my heartiest congratulations to the many good wishes you have received. Like all Americans, I am very proud not only of what you accomplished, but the way you accomplished it.

In winning the Gold Medal in Lillehammer after several bouts with disappointment, you demonstrated the rare ability and determination that had already made you a great champion. Yours was the perfect example of the Olympic spirit, and Barbara joins me in commending you.

Sincerely,

Mr. Dan Jansen
